

SNAKEBITE STRIKE

BLAST NOZZLE

DESCRIPTION

The SnakeBite Strike blast nozzle is the highest productivity hand-held blasting nozzle in the world. Designed to reduce nozzle thrust by up to 45%, reducing operator fatigue and unlocking your ability to maintain high rates of productivity over the shift, over the week and over the project.

APPLICATIONS

When you have acres of steel to blast, the SnakeBite Strike is the blast nozzle for the job. From tanks to bridge beams to ship hulls, the SnakeBite Strike is the highest productivity hand-held blast nozzle available. Unlock the super blaster in you and unparalleled productivity with the SnakeBite Strike.

FEATURES

- Improved blast nozzle geometry.
- Standard contractor nozzle inlet thread
- Robust anodized aluminum nozzle jacket, including a nozzle exit bump guard
- New technology quick-connect nozzle silencer.
- Durable and lightweight Silicon Nitride Nozzle and Silencer liners

BENEFITS

- Highest productivity hand-held nozzle available.
- Reduced operator fatigue, enabling high cleaning rates to be achieved throughout the shift.
- Reduced risk of worker manual handling related injury and injury caused by loss of operator nozzle control.
- All the benefits you have come to expect from the SnakeBite family of blast nozzles, including up to 16dBA noise reduction.

PART NUMBERS	
BNSBXQ10	SnakeBite Strike High Productivity Silenced Blast Nozzle, #10 (5/8") Orifice, Contractor Thread

SPECIFICATIONS	
Nozzle Jacket Material	Anodized Aluminum
Nozzle Liner Material	Silicon Nitride
Nozzle Inlet Thread	Contractor
Nozzle Size	No. 10 (5/8")
Minimum air hose size	50 mm (2")
Minimum blast hose size	40 mm (1-1/2")
Weight (with silencer)	1.34 kg (2.94 lb)
Length (with silencer)	435 mm (17.1")
